**Request for Reconsideration**

Sir:

This is in response to the Official Action dated 3 June 2003. A petition to extend the period for response by one month has been filed under separate cover.

Current claims 31, 32, 39, 40, 49 and 51 stand rejected under 35 U.S.C §112 on grounds of alleged failing particularly to point out and distinctly to claim the subject matter which applicant regards as his invention, it being the Examiner's opinion that it "is unclear as to what applicant is claiming, since these claims appear to contain process limitations and they all depend from an apparatus claim."

Applicant courteously requests entry of the following amendment in order to avoid the objection.

In the claims:

Cancel, without prejudice, claims 32, 40 and 51. Claims 30-31, 33-39, 41-50 and 52-61 remain; claims 31, 39 and 49 have been amended.

Attached hereto is a marked-up version of the changes made to the claims by the current amendment. The enclosed page is entitled "Version with markings to show changes made."
